

# PIG Carpet Protection Runner with Adhesive Backing Notice

New Pig Carpet Protection Runners are formulated to work with most common commercial carpet surfaces but are not intended for use on non-carpeted or residential surfaces. All adhesive mats have some potential to leave residue, can lift from the surface, or may cause some discoloration depending on the amount of foot traffic and the condition and age of the carpet underneath the runner. If you have questions about the suitability of the New Pig Carpet Protection Runner for your application, test a small piece in a discrete or non-critical area before use. New Pig Carpet Protection Runners should be replaced if they show signs of wear or damage or lifting and should always be changed out before 3 months of use.
