Product Disclaimer & Warranty Information

PIG Grippy Surgical Mats are designed to work with most smooth, flat surgical operating room floor surfaces as a one-time-use absorbent mat. All adhesive mats have some potential to leave residue or lift or discolor finish coatings, paint, and loose or pre-damaged tiles depending on the condition and age of the floor surface. If you have questions about the suitability of PIG Grippy Surgical Mat for your application, test a 6" x 6" piece in a non-critical area before use. PIG Grippy Surgical Mats should be properly disposed of and replaced after every medical procedure in which they are used.
