

## MARK THE SPOT, NOT YOUR FLOOR.

Comply with health guidelines and promote social distancing without damaging your floors or incurring costly cleaning bills.

We turned the **Grippy Mat** you know and trust into non-slip floor signs and markers that stay down to remind your employees and visitors to maintain social distancing.

- **Ideal for entrances**, manufacturing floor and assembly areas, aisles, hallways, common area and lobbies, offices, elevators, checkout lines, customer service and more
- **Nonpermanent adhesive** sticks to clean, dry floors with a super-tight grip, but peels up easily without damaging floors or leaving a residue
- Unlike vinyl decals or tapes, Grippy® material has been **proven in years of commercial and retail use** to withstand full foot traffic, floor scrubbing and disinfectants
- Anti-slip sign absorbs moisture and **won't become slippery when wet** like decals, tapes or paints can
- **Leave in place and clean with mop or floor scrubber**; can be scrubbed, vacuumed or swept off frequently without affecting performance
- **Low profile does not create issues** for heavy foot, cart, wheelchair or walker traffic; ADA compliant

- Withstands heavy foot and cart traffic and **stays on the job for up to 3 months**
- Durable, high-contrast message and images **won't wear off**
- **Hard surface versions** stick to most commercial floor surfaces including smooth indoor concrete, VCT, linoleum, ceramic tile, quarry tile and laminate flooring
- **Carpet versions** keep the sign in place on commercial carpeting without curling

### OURS

Our peel and stick signs won't leave residue or damage your floor when you remove them.

### THEIRS

You pay a high price for using cheap decals! They leave behind a sticky mess and significant labor and expense for your facilities team.

# Social Distancing Signs for hard surfaces including concrete, VCT, linoleum, ceramic tile, quarry tile and laminate flooring.
