

# GRIPPY<sup>®</sup> MAT

WORLD'S FIRST ADHESIVE-BACKED MAT

YOUR PROBLEM

OUR PROVEN SOLUTION

Eliminate  
risks with the  
mat that sticks.

# RENTAL MATS = RISK ZONES

**A Risk Zone** is any area where slips and falls are a problem.

Standard-sized rental mats don't keep your floor safe because they're part of the problem. They're never the right size so you need to piece them together to create adequate coverage — a fragmented approach that guarantees they'll move out of position. And that creates gaps and overlaps that become dangerous trip hazards.

## Grippy Mat provides adequate walk-off.

Walk-off is the ideal length a mat should be to capture dirt and moisture to keep floors clean, dry and safe. We recommend allowing for at least eight steps inside your entrance. Grippy Mat lets you provide adequate walk-off anywhere — just roll it out and cut to fit.

A mat that's too small won't provide enough walk-off to capture dirt and moisture and keep the floor dry and safe.

**TOO SHORT = RISK ZONE**

Mats pieced together to create more coverage shift out of position, creating dangerous gaps and overlaps that cause slips, trips and falls.

**MULTIPLE MATS = RISK ZONE**

Forcing a standard mat into an irregular space is haphazard coverage that becomes a trip hazard when it moves, bunches up and flips over.

**INADEQUATE COVERAGE = RISK ZONE**

# GRIPPY MAT = SAFE FLOORS

## Adhesive-backed Grippy Mat eliminates Risk Zones.

Grippy Mat never bunches up, ripples or shifts. Just roll it out and cut to fit for complete coverage in the exact size and shape you require. Grippy Mat sticks to the floor and stays exactly where you put it for up to three months so it's always where you need it.

## 7 Ways Grippy Mat Beats Risky Mats

### Stays In Place

Won't shift or move — keeps you covered 24/7.

### Won't Ripple or Bunch Up

Lays flat and stays flat so you never have to worry about people tripping.

### Provides Customized Walk-Off Coverage

No gaps or overlaps. Just roll out and cut to the right size and shape.

### Absorbent and Fast-Drying

Captures liquid and dries fast to stop it from being tracked around.

### Built for Extreme Traffic

Provides a high-traction surface that lasts up to three months between changes.

### Easy to Clean

Vacuum, sweep, mop or deep clean in place right along with your floors.

### Saves Time and Money

Costs 50% less than rental contracts, reduces labor costs and liability claims.

Grippy Mat lays flat, stays flat and won't bunch up or flip over. No more dangerous ripples to trip people or catch on wheels.

### LAYS FLAT = SAFE FLOOR

Grippy Mat provides as much walk-off as you need — with no gaps or overlaps — to keep the floor dry and safe.

### ADEQUATE WALK-OFF = SAFE FLOOR

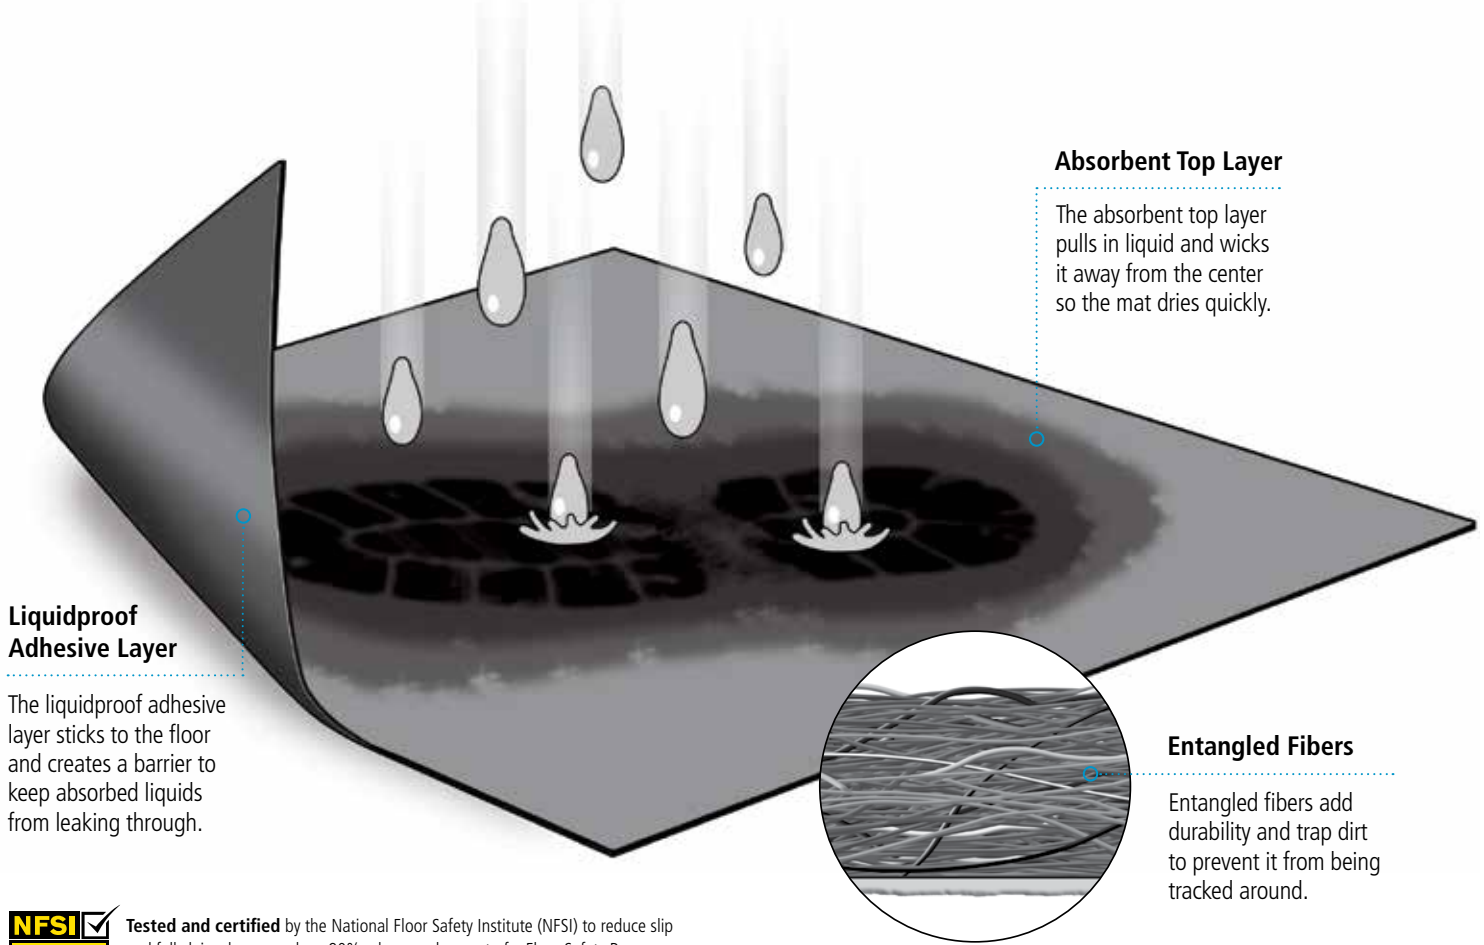

Grippy Mat lets you create complete coverage in any size or shape — perfect for irregular spaces like drink stations.

### COVERAGE THAT FITS = SAFE FLOOR

# GRIPPY MAT EXCLUSIVE FEATURES

## Liquidproof Adhesive Layer

The liquidproof adhesive layer sticks to the floor and creates a barrier to keep absorbed liquids from leaking through.

## Absorbent Top Layer

The absorbent top layer pulls in liquid and wicks it away from the center so the mat dries quickly.

## Entangled Fibers

Entangled fibers add durability and trap dirt to prevent it from being tracked around.

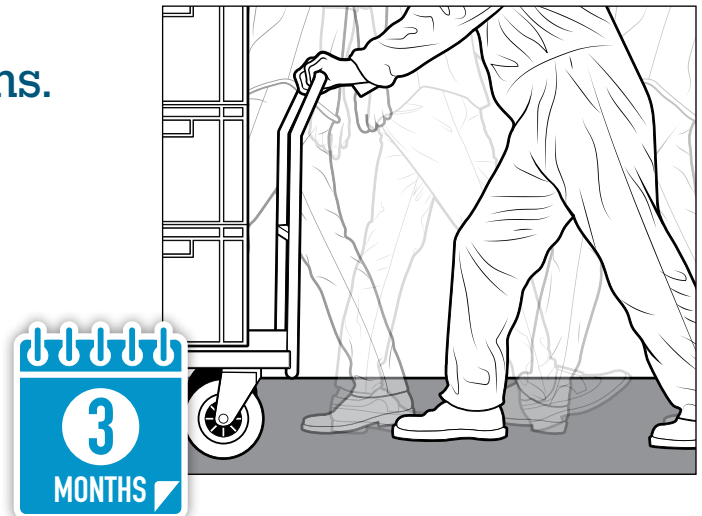

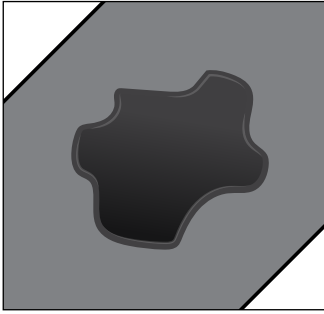

**Tested and certified** by the National Floor Safety Institute (NFSI) to reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program.

## Provides a super-safe walking surface that lasts up to 3 months.

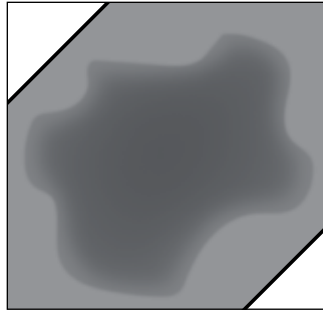

- Grippy Mat's **Hi-Trac® Surface** provides safe footing and eliminates slip-and-fall hazards
- ADA compliant for walkers and wheelchairs — the super-low profile won't hang up wheels or trip people with a shuffling gait
- Incredibly durable surface withstands extreme foot or wheeled traffic for up to 3 months without losing performance\*

\*Grippy Carpeted Entrance Mat stays in place for three to six months depending on your conditions. See page 10 for details.

Rental mats don't absorb anything and puddle on top.

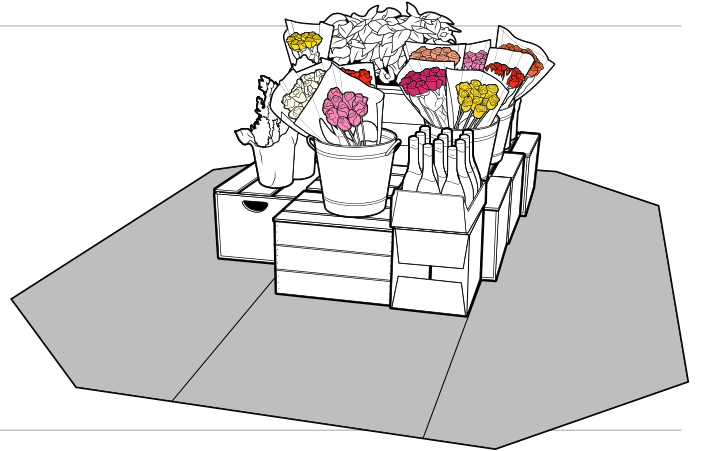

Grippy Mat wicks and spreads liquid to dry quickly.

## Surprisingly thin, absorbent and fast-drying.

- Grippy Mat with **EFM® Absorbent Technology** (Entangled Fiber Matrix) is more absorbent than bulky rental mats. Super-thin material spreads out water so the mat dries fast
- The liquidproof adhesive layer prevents absorbed liquid from soaking through and causing slippery or damaged floors
- Interlocking fibers trap dirt to prevent it from being tracked around

## Easy to customize for complete coverage in any size or shape.

- Roll out Grippy Mat for a perfect fit. Our **EZCut® Roll** lets you create mats in any size or shape for complete coverage everywhere you need it
- Say goodbye to dangerous patchworks, and customize mats to fit irregular spaces around drink stations, product displays, floor drains or pillars

## Lets you clean your mats with the rest of your floor.

- Leave your Grippy Mats in place and clean them along with the rest of your floor
- Grippy Mat's **Hi-Trac® Surface** is compatible with most common floor cleaners
- Vacuum, wet vac or deep clean with a floor scrubber or carpet extractor
- No more wasted time picking up dirty mats to get them out of the way

## The only adhesive-backed mat with the ideal balance of stick and release.

- Only Grippy Mat is made with our exclusive **P53® Adhesive** developed right here at New Pig
- Only Grippy Mat lays flat and stays flat with no shifting or rippling, but pulls up easily — without leaving residue — when it's time to change it

See the Grippy Safe Floor Plan on Page 14.

# GRIPPY® FLOOR MAT

Eliminate slips, trips and falls in Risk Zones with our no-hassle mat.

**GRP36200**  
3' x 100' • Gray

- Rolls out to create complete anti-slip coverage, in any size or shape, anywhere you need it
- EZCut® design lets you roll out sufficient walk-off for complete coverage with no gaps, ripples or overlaps; easily create custom mats in aisles, entrances and transitions, near wet walls, in front of water fountains, service counters and more
- ADA compliant for walkers and wheelchairs
- Available in three colors and a various sizes; choose continuous rolls or precut mats
- Clean your floors with mats in place to save time and avoid the labor and hassle of dragging heavy mats around

## Antimicrobial-Infused Floor Mat

- For kitchens, food prep areas and commercial food production
- Helps to prevent the growth of odor-causing bacteria and mold on the mats

Keep floors safe and dry around self-serve food bars.

# GRIPPY® CARPETED ENTRANCE MAT

Create inviting entrances and impress your guests with our attractive carpeted mat.

**GRP92**  
3' x 25' • Gray

- Stylish safe floor solution to outdated rubber-backed entrance mats
- Available in Berber and Checkered textures; choose from four colors and two mat sizes that complement upscale lobbies and vestibules
- EZCut® design lets you roll out sufficient walk-off for complete coverage with no gaps, ripples or overlaps
- High-performance, low-profile surface traps dirt, debris, sand and liquids to help prevent tracking; mat looks cleaner, longer
- Quick-dry, colorfast fibers resist staining and fading; made of 100% postconsumer recycled content
- No rippled edges to obstruct doors or create tripping hazards; ADA compliant for wheelchairs and walkers
- Commercial-grade durability lets you keep mat in place for three to six months depending on your conditions
- Clean your floors with mats in place to save time and avoid the labor and hassle of dragging heavy mats around

Roll out the perfect walk-off mat for complete coverage in every entrance.

# RESTROOM MATS WITH GRIPPY® BACKING

GRP7004 Urinal Mat Runner

GRP7007 Sink & Dryer Mat

GRP7002 Urinal Mats

GRP7005 Plunger Mat and GRP7003 Toilet Mat

## No-shift restroom mats keep floors dry, fight odors and stains.

- Impermeable backing layers stop liquid pass-through to prevent stains and grout damage
- Permanently infused antimicrobial technology prevents the growth of odor-causing bacteria and mold on the mats to keep them cleaner and fresher smelling; clean regularly for best results
- Proprietary, full coverage Grippy® adhesive backing keeps mats in place with no shifting, curling or flipped up corners
- Mats stick to your floor and won't budge while you clean them; simply mop them with the rest of the floor

Impermeable backing prevents stains and grout damage.

Mats stay in place so you can mop them with the rest of the floor.

Removal Tool • 7.5"L x 3.5"W x 5"H	<b>GRP020</b>

# GRIPPY® SAFE FLOOR PLAN

## Grippy Mat makes clean, safe floors as easy as 1-2-3.

Grippy Mat eliminates slip and trip hazards while it traps dirt and moisture — but keeping your floors safe takes more than simply putting a mat down.

When you choose Grippy Mat you also get support from New Pig to make sure they stay that way.

We realize that even with a great product like Grippy Mat, floor safety is an ongoing process that requires planning, training and attention. And that's why we provide the tools and guidance you need to achieve real success with the **Grippy Safe Floor Plan**.

The **Grippy Safe Floor Plan** is designed to work as part of your current safety program to help you minimize incidents and keep your floors looking their best while streamlining your maintenance operations.

### Here's how it works:

First, you'll **audit** your floor for **Risk Zones** to determine where and how much **Grippy Mat coverage** you need to place.

Then your **Grippy Safe Floor Plan** kicks in with these three easy steps:

- 1. Place the proper Grippy Mat coverage** in each Risk Zone
- 2. Clean and Maintain** your Grippy Mats as part of your existing floor program
- 3. Inspect and Evaluate** your Grippy Mats and Risk Zones and make adjustments based on traffic, wear and soil levels

## Grippy Safe Floor Plan Benefits

### Creates Safe Floors

- Exclusive adhesive backing keeps the mat in place with no rippling, shifting or flipping over
- Provides customized walk-off coverage with no gaps or overlaps
- Can be cut into any size or shape

### Reduces Costs

- Provides long-lasting durability
- Eliminates wasted time and labor straightening or moving rugs to clean floors
- Easy to maintain — lets you clean floor with mats in place

### Enhances Appearance

- Keeps floors clean
- Stays exactly where you put it 24/7
- Colors and textures to complement any decor

### Helps to Minimize Claims

- Decreases workers' comp claims
- Reduces incidents and claims
- Lowers customer liability costs

### Your Partner for Life

- Floor Safety Experts ready to help you
- Online Grippy Support Center
- Backed by our 100% No Guff Guarantee®

**PIG Grippy Mat Notice:** PIG Grippy Mats are formulated to work with most common industrial and commercial floor surfaces but are not intended for home/residential use and wood flooring. All adhesive mats have some potential to leave residue or lift or discolor finish coatings, paint, and loose or predamaged tiles depending on the condition and age of the floor surface. If you have questions about the suitability of PIG Grippy Mats for your application, test a 6" x 6" piece in a noncritical area before use. PIG Grippy Mats should be replaced if they show signs of wear or damage and should always be changed out before 13 weeks of use.

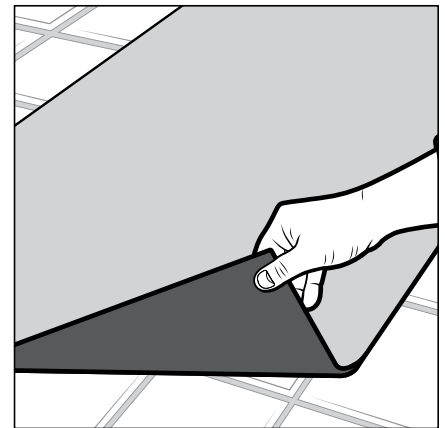

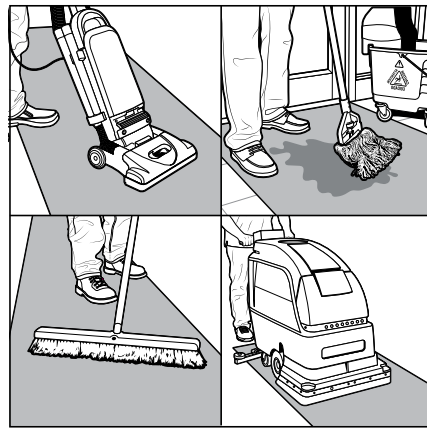

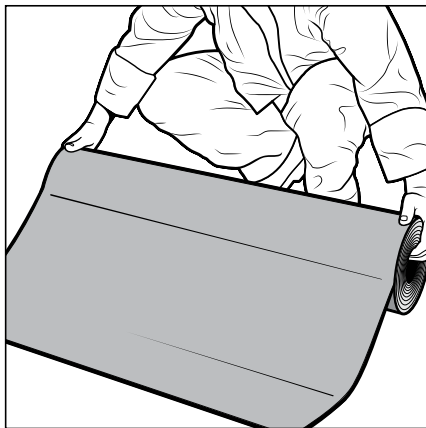

# Follow these three simple steps for nonstop safe floor success.

The **Grippy Safe Floor Plan** follows this three-step cycle to keep your Grippy Mats looking good and your floors clean and safe — all while streamlining your maintenance operations.

## Best Stuff Ever

*“For safety on slippery floors Grippy Mat has been beneficial in the reduction of falls within my facility... it is a very versatile and effective mat.”*

— Kimberly,  
Grippy Floor Mat Customer

## 1 PLACE MATS

- Place the proper Grippy Mat coverage in each Risk Zone
- Change your Grippy Mats according to your schedule
- High-traffic Risk Zones may need to be replaced more often

## 2 CLEAN & MAINTAIN

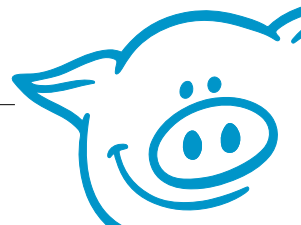

Determine and document:

- How and when you'll clean your Grippy Mats
- How you'll extract excess moisture from your mats
- How you'll maintain mats that lift or become stained

## 3 INSPECT & EVALUATE

Periodically:

- Check your Grippy Mats for wear and tear
- Determine if the coverage in your current Risk Zones is adequate and if you have additional Risk Zones

# Eliminate risks with **PROVEN** safe floor solutions.
