

# Grippy® Mat vs. Copycats Comparison Chart

## Here's why copycats can't match the performance of original Grippy® Floor Mat.

### GRIPPY FLOOR MAT

The proprietary adhesive on Grippy Mat stays perfectly intact when exposed to water and leaves no sticky residue.

Grippy Mat stays in place and won't budge when you run a floor scrubber over it.

After 3,000 cycles in our abrasion torture test, Grippy Mat's top surface is still going strong.

### COPYCAT MATS

When copycat adhesives are exposed to water, they peel away from the mats and get stuck to the floor.

The tack levels on copycat mats aren't strong enough to withstand floor scrubbers, carts or heavy foot traffic.

Put copycat mats through the same abrasion test and their top surfaces fall apart.

PIG Grippy Mat is available from New Pig and our fine distribution partners. Visit [www.grippymat.com](http://www.grippymat.com) or call to learn more.
