

Quality Policy

Our core ideology guides the way we conduct our day-to-day business. It is best summed up by the New Pig Company Policy, comprised of five unalterable values:

- ✓ We satisfy our customers far beyond their expectations.
- ✓ We trust and believe in the power of committed, enthusiastic employees.
- ✓ We actively build and preserve a corporation and identity that is clean, fun, honest and high quality.
- ✓ We pursue excellence through high standards, continuous improvement and breakthrough innovations.
- ✓ We must have profits and growth to fulfill our core values.
