

Safety Data Sheet

1. Product And Company Identification

Product Identifier: PIG Base Encapsulating / Neutralizing Absorbents (MSD-152)

General Use: PIG Base Encapsulating / Neutralizing Absorbents are designed to absorb, encapsulate and neutralize spilled bases rapidly. Product will turn from a cream color to a blue (high concentrations), red (medium concentrations), then back to a cream color when neutralized.

Product Description: Cream colored absorbents in pillow, sock, mat and loose form. Skin is polypropylene.

COMPANY PROFILE:	EMERGENCY TELEPHONE:
New Pig Corporation	INFOTRAC
One Pork Avenue	200 North Palmetto Street
Tipton, PA 16684-0304	Leesburg, FL 34748
Information Number	24 hrs, 7 days/week
1-800-468-4647	1-800-535-5053

Website: www.newpig.com, **Email:** hothogs@newpig.com

2. Hazards Identification

If outer material is punctured or if using loose powder:

Warning! Irritant: Product contains chemicals known to cause serious eye irritation, mild skin irritation and may cause respiratory irritation.

GHS Classification for Mat, Sock or Pillow: Not a dangerous substance according to GHS

GHS Classification for Loose Form: Eye irritation, category 2

GHS Label Elements

Signal Word: Warning

H319 Causes serious eye irritation

H316 Causes mild skin irritation

Precautionary Statements:

P264 Wash hands (skin) thoroughly after handling

P280 Wear protective gloves/protective clothing/eye protection/face protection

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

P337 + P313 IF eye irritation persists: Get medical advice/attention

3. Composition/Information on Ingredients

Filler or Loose:

CAS: 77-92-9	Citric acid	60-65%
--------------	-------------	--------

EC: 201-069-1

CAS : 9003-04-7	Sodium Polyacrylate	40-45%
-----------------	---------------------	--------

CAS : 89-83-8	Thymol	<1%
---------------	--------	-----

EC : 201-944-8

Skin:

CAS: 9003-07-0	Polypropylene	>99%
----------------	---------------	------

CAS: None	Adhesive	<1.0001%
-----------	----------	----------

CAS: 9003-07-0	Polypropylene stitching	<0.0001%
----------------	-------------------------	----------

4. First Aid Measures

Eye Contact: Flush with plenty of water for at least 15 minutes lifting eyelids to insure complete removal. Get medical attention if irritation persists.

Ingestion: If conscious, give two glasses of water and call physician or poison control.

Inhalation: Remove to fresh air if excessive amounts of dust inhaled.

Skin Contact: Wash with soap and water. Remove contaminated clothing. Get medical attention if irritation persists.

5. Fire Fighting Measures

Extinguishing Media: Use media appropriate for surrounding fire.

Special Fire Fighting Procedures: Wear self contained breathing apparatus and full protective clothing.

Hazardous Combustion Products: Not established

Unusual Hazards: Polymer residue is slippery when wet. Refer to absorbed liquid(s) SDS(s). The Base Encapsulating / Neutralizing Absorbents may help neutralize the base making it less hazardous but not less flammable.

6. Accidental Release Measures

Spill or Leak Procedures: Recovered spills should be placed in closed containers and disposed of in accordance with Federal, State and local regulations. Do not flush material to public sewer or waterways. If sweeping loose absorbent, dampen with water spray or vacuum to avoid creating dust

7. Handling and Storage

Handling Precautions: Wash thoroughly after handling. If outer material is punctured, avoid breathing dust. If wet, filler is very slippery.

Storage Precautions: Store in cool, dry well-ventilated area away from incompatible chemicals and away from flammables, heat sources, foodstuffs and animal feed. **Shelf Life:** ~5 years when stored in a clean, dry environment out of direct sunlight.

General: The container can be hazardous when empty. Follow label cautions even after the container is empty. Do not re-use empty containers for food, clothing or products for human or animal consumption, or where skin contact can occur.

8. Exposure Controls/Personal Protection

Engineering Controls: General mechanical ventilation or local exhaust as appropriate.

PERSONAL PROTECTION

Eyes: Safety glasses with side shields.

Respirator: If outer material is punctured or if using loose, use NIOSH/MSHA approved dust respirator in unventilated area.

Gloves: If outer material is punctured or if using loose, use of chemical resistant gloves is a good industrial practice.

Other: Eyewash facility.

Safety Data Sheet

8. Exposure Controls/Personal Protection (Cont'd)

OSHA HAZARDOUS COMPONENTS (29 CFR 1910.1200):

EXPOSURE LIMITS 8 hrs. TWA (ppm)

OSHA PEL ACGIH TLV

Citric acid as Mineral nuisance dust:

Total 15 mg/m³ 10 mg/m³

Respirable 5 mg/m³ 3 mg/m³

Manufacturer's recommended 8-hour exposure limit for sodium polyacrylate is 0.05 mg/m³

9. Physical and Chemical Properties (Liquid)

Appearance: Cream colored pillow, mat or sock with purplish white crystalline powder filler or loose powder.

Odor: None **Odor Threshold:** Not applicable

pH: Not applicable

MELTING POINT/Freezing Point: Skin: 160°F (71°C),

Filler: 1564°F (851°C)

Initial Boiling Point and Range: Not applicable

Flash Point: Not established **Method:** Not applicable

Evaporation Rate: Not applicable

Flammable Limits: Not established

Conditions of Flammability: Not established

Explosive Properties: None

Vapor Pressure: Not established

Vapor Density: Not established

Relative Density (H₂O = 1): 2.2

Solubility in Water: 41% at 200°C (392°F)

Auto Ignition Temperature: Not established

Coefficient of Water/Oil Distribution: Not available

10. Stability and Reactivity

General: This is a stable material.

Conditions of Reactivity: Depending on the chemical being neutralized, significant quantities of heat may be generated, including some off-gassing.

Incompatible Materials: Metallic nitrates, cyanides, sulfides and strong oxidizers. Contact with sodium or calcium hypochlorite creates chlorine gas.

Conditions to Avoid: None known

Hazardous Decomposition: Carbon dioxide and carbon monoxide. Thermal decomposition may result in acid fumes.

Hazardous Polymerization: May occur

11. Toxicological Information

Target Organs: No data available

POTENTIAL HEALTH EFFECTS:

Eye Contact: If outer material is punctured or if using loose powder, causes eye irritation.

11. Toxicological Information (Cont'd)

Ingestion: If outer material is punctured, may cause burns of mouth, nose, throat, stomach and esophagus. If large amounts are ingested, may cause nausea, vomiting, diarrhea.

Inhalation: If outer material is punctured, may cause respiratory irritation. Pre-existing respiratory disorders may be aggravated by this product.

Skin Contact: If outer material is punctured or if using loose powder with contained absorbent, may cause irritation.

Chronic: Prolonged contact may cause burns and dermatitis.

LD50: Not established for mixture.

LC50: Not established for mixture.

Carcinogenicity: IARC: No

National Toxicology Program: No

OSHA: No

California Prop 65: No listed ingredient

Reproduction Toxicity: Not available

Teratogenicity: Not available

Mutagenicity: Not available

Synergistic Products: Not available

Citric acid (CAS # 77-92-9):

Eye: The draize eye irritation score for rabbits is 750 ug/24H

Skin: The dermal LD50 for rabbits: 500 mg/24H Mild

Ingestion: The oral LD50 for rats is 3000 mg/kg.

Ingestion: The oral LD50 for mice is 5040 mg/kg.

12. Ecological Information

No data available

13. Disposal Considerations

Waste Disposal Method: If material is unused, dispose of as a non-hazardous material in accordance with federal, state and local regulations. Refer to SDS(s) of absorbed materials.

14. Transport Information

DOT (Department of Transportation):

Proper Shipping Name: Not regulated

Hazard Class: None

Identification Number: Not applicable

15. Regulatory Information

CERCLA (Comprehensive Environmental Response Compensation and Liability Act): No Reportable Quantity

OSHA Hazard Communication Standard, 29 CFR 1910.1200:

Mineral nuisance dust

SARA Title III (Superfund Amendments and Reauthorization Act): No listed ingredient

TSCA (Toxic Substances Control Act): All ingredients are listed.

Safety Data Sheet

16. Other Information

Reason for Issue: Reviewed, changes to Sections 2, 7, 11 & 16.
