

Safety Data Sheet

1. Product And Company Identification

Product Identifier: PIG Form-A-Funnel

General Use: PIG Form-A-Funnel is a flexible moldable pouring and draining tool that can easily be molded to create specialized shapes for those hard-to-reach places. Product is great with oil, water, coolants and some solvent. **Not for use in food preparation**

Product Description: A green, flat moldable rectangular material.

COMPANY PROFILE:	EMERGENCY TELEPHONE:
New Pig Corporation	INFOTRAC
One Pork Avenue	200 North Palmetto Street
Tipton, PA 16684-0304	Leesburg, FL 34748
Information Number	24 hrs, 7 days/week
1-800-468-4647	1-800-535-5053

Website: www.newpig.com, **Email:** hothogs@newpig.com

2. Hazards Identification

WARNING: The inner core of this product contains lead, a toxic substance known to cause cancer and birth defects; avoid ingestion. Do not cut this product and keep away from children/pets.

GHS Classification: Acute toxicity, Oral (Category 4)
Carcinogenicity (Category 2)
Reproductive toxicity (Category 2)
Specific target organ toxicity – repeated exposure (Category 2)
Acute aquatic toxicity (Category 1)
Chronic aquatic toxicity (Category 1)

GHS Label Elements

Signal Word: Warning

H302 Harmful if swallowed

H351 Suspected of causing cancer

H361 Suspected of damaging fertility or the unborn child

H373 May cause damage to organs through prolonged or repeated exposure

H410 Very toxic to aquatic life with long lasting effects

Precautionary Statements:

P273 Avoid release to the environment

3. Composition/Information on Ingredients

Outer Layer:

CAS: Mixture	Nitrile Rubber (Buna-N)	100%
--------------	-------------------------	------

Inner Layer:

CAS: 7439-92-1	Lead Core	100%
EC: 231-100-4		

4. First Aid Measures

Eye Contact: Not applicable

Ingestion: Not normally applicable. If ingested, get medical attention.

Inhalation: Not applicable

Skin Contact: Not normally applicable. If inner core is exposed, wash thoroughly with soap and water. If irritation persists, get medical attention.

5. Fire Fighting Measures

Extinguishing Media: Unused form: Use any means suitable for extinguishing surrounding fire. Do not allow water runoff to enter sewers or waterways. Used form: that which is compatible to liquid(s) being transferred.

Special Fire Fighting Procedures: In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full facepiece.

Hazardous Combustion Products: Can produce toxic lead fumes and acrid smoke at elevated temperatures and also reacts with oxidizing materials.

Unusual Hazards: Refer to transferred liquid(s) SDS(s).

6. Accidental Release Measures

Spill or Leak Procedures: If material is unused, collect and recover for reuse.

7. Handling and Storage

Handling Precautions: DO NOT CUT PIG Form-A-Funnel. Do not handle, ingest or inhale exposed lead or lead dust from a compromised PIG Form-A-Funnel. Do not make sharp creases in the material when folding to form a shape.

Storage Precautions: The PIG Form-A-Funnel should be stored flat or rolled up. Maximum temperature: 450°F (232°C). Unaffected in storage by freezing or high temperatures up to 425°F (218°C). Shelf Life: Indefinitely as long as outer layer is not compromised.

General: WARNING: The inner core of this product is made of lead, a material known to the state of California to cause cancer, birth defects and other reproductive harm. If the lead core becomes exposed, recycle or properly dispose of product and wash hands. Keep away from children and pets.

8. Exposure Controls/Personal Protection

Engineering Controls: Appropriate to the material being transferred.

PERSONAL PROTECTION

Eyes: Appropriate to the material being transferred.

Respirator: Appropriate to the material being transferred.

Gloves: Appropriate to the material being transferred.

Other: None

OSHA HAZARDOUS COMPONENTS (29 CFR 1910.1200):

EXPOSURE LIMITS 8 hrs. TWA (ppm)

OSHA PEL ACGIH TLV

Lead	0.05 mg/Pb/m ³	0.05 mg/Pb/m ³
------	---------------------------	---------------------------

Safety Data Sheet

9. Physical and Chemical Properties

Appearance: Green flexible nitrile rubber rectangular material
Odor: Slight or no odor **Odor Threshold:** Not applicable
pH: Not applicable
Melting Point/Freezing Point: Inner layer: 621.5°F (327.5°C)
Outer layer: Not established
Initial Boiling Point and Range: Inner layer: 3164°F (1740°C)
Outer layer: Not established
Flash Point: Not established **Method:** Not applicable
Evaporation Rate: Not applicable
Flammability Limits: Not established
Conditions of Flammability: Not established
Explosive Properties: Not applicable
Vapor Pressure: Inner layer: 1.77 mmHg @ 1832°F (1000°C)
Outer layer: negligible
Density: Not applicable
Relative Density (H₂O = 1): Inner layer: 11.35 Outer layer: 1.5
Solubility in Water: Insoluble
Auto-ignition Temperature: Not established
Coefficient of Water/Oil Distribution: Not available

10. Stability and Reactivity

General: This is a stable material.
Conditions of Reactivity: Not established
Incompatible Materials: Ketones, strong oxidizers.
Conditions to Avoid: Heat
Hazardous Decomposition: Not established
Hazardous Polymerization: Will not occur

11. Toxicological Information

WARNING: The inner core of this product contains lead, a toxic substance known to cause cancer and birth defects; avoid ingestion. Do not cut this product and keep away from children/pets.

Target Organs: Not determined for this product

POTENTIAL HEALTH EFFECTS:

Eye Contact: No hazard in normal use of product.
Ingestion: No hazard in normal use of product. If inner core is ingested, symptoms of lead poisoning include abdominal pain and spasms, nausea, vomiting, headache.
Inhalation: No hazard in normal use of product.
Skin Contact: No hazard in normal use of product. If inner core is exposed, may cause local irritation, redness and pain.
Chronic: Not established
LD50: Not available
LC50: Not available
Carcinogenicity: IARC: Lead, Group 2B
National Toxicology Program: No
OSHA: Not established

11. Toxicological Information (Cont'd)

Carcinogenicity: California Prop 65: WARNING: This product contains a chemical (lead) known to the State of California to cause cancer and birth defects or other reproductive harm.
ACGIH: Lead A3 – Animal carcinogen
Reproduction Toxicity: See above
Teratogenicity: Not available
Mutagenicity: Not available
Synergistic Products: Not available

12. Ecological Information

No data available

13. Disposal Considerations

Waste Disposal Method: The inner core of this material (lead) is considered a hazardous material. Recycle or dispose of material according to federal, state, and local laws.

14. Transport Information

DOT (Department of Transportation):
Proper Shipping Name: Not regulated
Hazard Class: Not regulated
Identification Number: Not applicable

15. Regulatory Information

CERCLA (Comprehensive Environmental Response Compensation and Liability Act): No Reportable Quantity
OSHA Hazard Communication Standard, 29 CFR 1910.1200: Lead
SARA Title III (Superfund Amendments and Reauthorization Act): Lead
TSCA (Toxic Substances Control Act): WARNING: This product contains a chemical (lead) known to the State of California to cause cancer and birth defects or other reproductive harm.

16. Other Information

Reason for Issue: Reviewed, change to Section 16.
Prepared by: Dale Gatehouse, Entreprises Krenda Inc.
Approved by: Lisa Baxter, New Pig Corporation
Previous Date of Issue: 04/25/2013
Revised Date: 03/20/2014
SDS Number: MSD-181
