# TESTING AND COMPLIANCE

When you're on the job, there's no time to wonder if your specs meet the specs. All Skullerz® Safety Glasses are third-party tested to meet ANSI Z87.1, the U.S. eye protection standard, and marked with a "+" to denote High Velocity Impact Protection. Select Skullerz® also meet the requirements of CSA Z94.3, Canada's national standard for eye protection. CSA compliance requires spectacles to have slightly more coverage than those meeting only ANSI Z87.1+.

Because sometimes the workzone can feel more like a warzone, all Skullerz® Safety Glasses also meet U.S. MIL-PRF 32432 Ballistic Impact Protection requirements. This test requires protection from a high velocity impact of more than 4X what ANSI or CSA mandates. Stand and deliver.

## TESTED TO THE FOLLOWING STANDARDS:

// **ANSI Z87.1+**

// **CSA Z94.3**

// **MIL-PRF 32432 BALLISTIC IMPACT**

## TESTED ON DUMMIES BECAUSE YOU AREN'T ONE.

### High Velocity Impact Test Simulates Flying Debris

**ANSI Z87.1+:** 150 ft./sec  
**CSA Z94.3:** 46.5 m/sec  
**MIL-PRF 32432:** 660 ft./sec  
// 201m/sec

### High Mass Impact Test Simulates Blunt Force

**ANSI Z87.1+:** 18 oz. steel missile  
dropped from 50 in.  
**CSA Z94.3:** —  
**MIL-PRF 32432:** Follows ANSI Z87.1+

### Penetration Resistance Test Simulates a Poke in the Eye!

**ANSI Z87.1+:** Weighted needle  
dropped from 50 in.  
**CSA Z94.3:** —  
**MIL-PRF 32432:** Follows ANSI Z87.1+

**IN ALL TEST SCENARIOS FOR ALL STANDARDS, LENSES AND FRAMES MUST STAY INTACT AND NOT BREAK OR SHATTER.**

All Skullerz® models are independently third-party tested at COLTS | Laboratories™

**IMPACT: HOW FAST IS FAST?** Another day at battle is always unpredictable and might be full of the slings and arrows of outrageous fortune. Whatever the job throws, shoots, or flings, it's essential to be ready for action. Luckily, you chose Skullerz® Eye Protection. From dangerous tools to everyday dust and debris, you can count on Skullerz® Eye Protection for tested, proven protection. We'd still watch out for that rogue barbarian though.

<b>Pneumatic Nail Gun</b>	<b>490 ft. // 149m sec</b>
<b>Nolan Ryan Fastball</b>	<b>148 ft. // 45m sec</b>
<b>Catapult</b>	<b>843 ft. // 257m sec</b>
