SHOWA 377-IP

SHOWA 377-IP is the ideal solution for workers requiring a durable glove that offers excellent grip in wet and oily conditions where a level of impact risk exists.

The SHOWA-configured Thermo Plastic Rubber (TRP) protection shields to the back of the fingers and hand are designed to give the wearer time to remove their hand should it be involved in an accident involving impact, as well as providing good impact protection to the back of the hand.

Fully coated nitrile with an additional nitrile foam coating to the palm provides excellent grip in greasy conditions and ensures good flexibility.

The flat nitrile layers help **protect against contaminants**. The nitrile foam palm coating allows **outstanding grip performance** in wet and oily conditions.

IDEAL FOR:

- Drilling
- Engineering
- Heavy Construction
- Mechanical Fitters
- Offshore Workers
- Operating Machinery
- Maintenance
- Rigging
- Roustabout
