

Technical Data Sheet

This product contains no GHS hazards and are therefore exempt from OSHA Hazard Communications Regulations for Safety Data Sheets.

Technical Data Sheet: TDS-1012

Product Identifier: PIG® Microbial Oil Remediator for Grease Traps (CLN962, CLN963)

General Use: PIG® Microbial Oil Remediator for Grease Traps is designed for food processing, manufacturing, and service industries. This product is designed to digest grease, fats and organic wastes that accumulate in grease traps and drain lines.

Composition:

CAS: NA	Bacterial Cultures	>4 - <6%
CAS: 132778-08-6	Alkylpolyglycoside C9-11	>4 - <7%
CAS: 7732-18-5	Water	>88- <91%

Storage Recommendations: Store sealed in original container in a cool, dry temperature-controlled environment. Avoid long-term contact with direct or reflected sunlight or other sources of UV light, such as high- intensity lighting before use.

Shelf Life: 2-years unopened, 30 days once mixed, provided Storage Recommendations are observed.

Personal Protective Equipment (PPE):

Gloves: cloth, canvas, leather, or rubber gloves are recommended and as a good industrial practice.
Eyes: Safety goggles or glasses with side shields recommended and as a good industrial practice.

Fire Control Measures: Unused Form: Not Applicable
Used Form: Not Applicable

Physical Properties:

pH:	6.9 to 7.2
Freezing Point:	32°F
Initial Boiling Point and Range:	212°F
Flash Point:	Not Applicable Method: Not Applicable
Relative Density (H ₂ O = 1):	1.00 +/- 0.1
Solubility in Water (25°C):	Completely soluble
Auto-ignition Temperature:	Not Applicable

Stability & Reactivity:

Conditions of Reactivity:	None
Incompatible Materials:	Strong Oxidizing Agents & Strong Acids, High Heat
Conditions to Avoid:	High Temperatures over 150°F or low temperatures below 32°F
Hazardous Decomposition:	None

Waste Disposal: This material is NOT defined as hazardous by the Resource Conservation and Recovery Act. It is the product user's responsibility to determine at the time of disposal whether a material containing the product or derived from the product should be classified as a hazardous waste.
