

## **Technical Data Sheet**

This product contains no GHS hazards and are therefore exempt from OSHA Hazard Communications Regulations for Safety Data Sheets.

Technical Data Sheet: TDS-219

Product Identifier: PIG® Water-Based Liquids Solidifying Absorbent

**General Use**: PIG® Water-Based Liquids Solidifying Absorbent are designed to absorb and solidify non-aggressive, water-based liquids only, prior to transport and/or disposal.

Composition:

CAS: 9004-34-6 Wood & Agricultural Fibers 90-98% CAS: 9003-04-7 2-Propenoic acid, homopolymer, sodium salt (SAP) 2-10%

**Storage Recommendations**: Store in a cool, dry environment. Avoid long-term contact with direct or reflected sunlight or other sources of UV light, such as high- intensity lighting.

Shelf Life: Indefinitely, if provided Storage Recommendations are observed.

## **Personal Protective Equipment (PPE):**

Gloves: cloth, canvas, leather or rubber gloves are recommended as good industrial practice.

Eyes: Safety goggles or glasses with side shields as a good industrial practice

**Fire Control Measures**: Unused Form: Water, Foam, or carbon dioxide Used Form: Extinguishing agents appropriate for absorbed liquid

**Physical Properties:** 

pH: ~7 @ 1 g/l
Melting Point: Not Applicable
Initial Boiling Point and Range: Not Applicable
Flash Point: 350°F (177°C) Method: Open Cup
Relative Density (H2O = 1): ~0.7 g/cm3
Solubility in Water (25°C): Practically Insoluble
Auto-ignition Temperature: Not Determined

Stability & Reactivity:

Conditions of Reactivity: Not Established

Incompatible Materials: Strong Oxidizing Agents, strong acids and open flames
Conditions to Avoid: Excessive heat or flame or mixing with incompatible materials

Hazardous Decomposition: Carbon Dioxide, water, and typical wood smoke

**Waste Disposal**: This material is NOT defined as hazardous by the Resource Conservation and Recovery Act. It is the product user's responsibility to determine at the time of disposal whether a material containing the product or derived from the product should be classified as a hazardous waste.
